DB-MT

List	Stock	Stock B.C.	Drop
$84	*$42*	*$48.72*	*$54.60*

Features and Benefits

- Works on all surfaces
- Lightweight, 5-10 pounds
- Quickly and easily attaches and removes in seconds
- Heavy, 11 gauge steel construction. Laser cut formed and powder coated for durability

Receiver Mount:

- Works with any vehicle, ATV, UTV, or golf carts that have a 2” receiver or use the adaptor for 1-1/4”.
- The swiveling top rail allows trash bin to trail around curves without binding like a trailer
- Multiple hook settings assuring the best fit for either 64 - 96 gal wheeled trash cans
- The receiver upright has 6” of adjustability for achieving the optimum operating height
- Patent # 9,789,741 B1 & USD888,644S

Ball Mount:

- Patented retainer base slips under a standard 1-7/8” or 2” trailer ball and is secured with a 3/8” retainer pin
- Works with any vehicle, ATV, UTV, or golf carts that have a 1-7/8” or 2” ball.
- The swiveling base allows trash bin to trail around curves without binding like a trailer
- Patent # 9,566,837 B1 & USD888,644S

Features and Benefits

UBL-MT

- Patented retainer base slips under a standard 1-7/8” or 2” trailer ball and is secured with a 3/8” retainer pin
- Works with any vehicle, ATV, UTV, or golf cart that have a 1-7/8” or 2” ball
- Riser arm adds 8” of operating height and extends out an additional 8”
- The swiveling base allows trash bin to trail around curves without binding like a trailer
- Patent # 9,566,837 B1 & USD888.644S

Features and Benefits

Bumper Hook

- No Hitch needed. Works by hooking the carrier to the center latch on most cars and SUV’s
- Three layers of foam padding protect car’s bumper. Side pads extend 29" to keep can’s handle from hitting the bumper
- Heavy, 11 gauge steel construction. Laser cut formed and powder coated for durability

Features and Benefits

CAN COUPLER

- Attach more than one garbage can
- Made in two pieces, so arm swivels allowing cans to move without binding around curves.
- Can couplers come with two, quick fastening PTO clips for securing two cans together

Features and Benefits

COMBO HITCH

- Patented retainer base slips under a standard 1-7/8” or 2” trailer ball and is secured with a 3/8” retainer pin
- Great for lawnmowers, ATV, or UTV
- Lightweight - Quickly and easily attaches and removes in seconds
- Haul both pin hitched or handled lawn & garden equipment without removing the ball hitch
- Patent # 9,566,837 B1

Features and Benefits

Note: Extensions work only with Garbage Hook products only

Extenders for 2" Receiver

- Used with a UTV or ATV in which the receiver hitch is behind the dump bed or an ATV that has a cargo rack. This allows either style receiver mounted Garbage Hook to extended an additional 8" from the mounting hitch and increases the operating height another 2"
- Comes with a 5/8" bolt to secure the original receiver base to the extender

Extender for 1-1/4" Receiver

- Works with any vehicle, ATV, UTV, or golf carts that have a 2" receiver
- This will reduce our standard 2" receiver base to fit any 1-1/4" hitch. It will extend the working depth by either 4" or 8" and add another approximately 3-3/4" in operating height.
- Come with a 5/8" bolt to secure the Garbage Hook's receiver base to the extension

BRH

- Easy to mount to either a lawn mower, ATV or UTV
- Adaptor for Receiver Hitch
- Designed to work with the SR-MT
- Mount to any flange with a 7/16" - 3/4" hole
- Comes with one 7/16" x 1 1/2" bolt, nut and washer
